REINSTATEMENT AND EXTENSION OF
TIME RE APPLICATION 1929.

Dear Sir:

Your request for reinstatement as to original date of priority and extension of time within which to submit proof of appropriation relative to Application 1929 has been considered. After having taken into consideration all the facts entering into the case, I have come to the conclusion that in this instance I would be justified in reinstating the application as to its original date of priority and grant a further extension of time within which to submit proof of appropriation; consequently, the application has this day been reinstated and an extension of time up to October 1, 1916, is granted.

Respectfully yours,

CJU/M

W. D. Beers
State Engineer.
